***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: the placental alkaline phosphatase and the gel forming material in a topical composition is not anticipated nor rendered obvious by the prior art of record. The references were further considered by the examiner and there is no clear motivation to combine the gel forming material and the placental alkaline phosphatase into a formulation which has been formulated for topical delivery.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 3, 5, 6, 10, 29, 30 are no longer withdrawn and are hereby allowed. Thus, claims 1, 3-10, 29-31 are all allowed claims.
